EDUCATION

Bachelor of Technology in Computer Science (Artificial Intelligence)

Manipal Institute of Technology

07/2024 - 05/2028 Bengaluru, Karnataka

CGPA

8.1 / 10.0

PROJECTS

Course Recommendation App

- Built a full-stack course recommendation platform using React, TypeScript, and Node.js, enabling users to discover and compare courses aggregated from Coursera, Udemy, and edX.
- Designed and implemented a RESTful API with Express and Prisma ORM to manage course data, user accounts, and reviews on a PostgreSQL database.
- Engineered an AI-based recommendation engine and smart search feature to generate personalized course suggestions from user interests and skill goals.
- Automated recurring data-sync jobs with Cron and built a responsive frontend using Tailwind CSS and Vite for consistent performance across devices.

Tracechain Supply Chain Provenance System

- Built a full-stack supply chain provenance platform using Java, React, and PostgreSQL with a 3-tier architecture to track products, suppliers, and warehouse movements.
- Developed RESTful APIs and optimized recursive SQL queries in PostgreSQL to retrieve end-to-end product lineage and custody data.
- Built an interactive React dashboard with real-time analytics and compliance monitoring to improve supply chain visibility.

FinPal- Student Financial Advisor

- Built a full-stack conversational financial advisor using Python, FastAPI, and OpenAI API, separating LLM-driven dialogue from a deterministic rules-based calculation engine to prevent inaccurate outputs.
- Implemented voice and text interaction using in-browser audio capture and Groq Whisper transcription, streaming responses in real time via Server-Sent Events.
- Designed a rules engine for budget allocation, investment projections, EMI affordability, debt payoff strategies, and emergency fund calculations.
- Built a real-time financial dashboard with session persistence using SQLAlchemy ORM on PostgreSQL/SQLite, supporting multiple LLM providers including OpenAI, Groq, OpenRouter, and Google Gemini.
